

02 - Research Criteria

Prospect Research Agent

Purpose: This file is part of the Prospect Research Agent knowledge base. It should be kept current as the company, market and sales process evolve.

What counts as a good prospect?

Use this criteria set to decide whether a company is commercially relevant. The exact score is calculated in the Lead Scoring Rules workbook.

Area	What to check	Strong signal	Weak / negative signal
Company fit	Business type, market, geography, sector	Matches target façade contractor / construction profile	Outside target market
Decision-maker fit	Relevant senior/commercial/estimating/design contact	Decision-maker identified	No relevant contact found
Project activity	Current/recent relevant projects	Multiple active/recent projects	No evidence of relevant work
Tender activity	Tendering, frameworks, pre-construction activity	Current visible tender activity	No recent activity found
Service fit	Potential need for estimating, take-off, BOQ, shop drawing or technical support	Clear alignment	No obvious alignment
Capacity signal	Workload, hiring, growth, project volume	Growth / busy pipeline signal	Little evidence of activity
Buying signal	News, appointments, awards, expansion, hiring	Recent positive signal	No recent signal
Accessibility	Public contact and professional information	Several reliable data points	Very limited data

Research checklist

- Company website reviewed
- About / services page reviewed
- Project / portfolio pages reviewed
- News / updates reviewed
- Relevant decision-maker identified
- Recent projects recorded
- Likely service requirement documented
- Potential pain points written as hypotheses
- Lead score completed
- Sources recorded
- Next action identified

Evidence labels

- VERIFIED — supported directly by a reliable source.

- PROBABLE — supported by multiple signals but not explicitly confirmed.
- UNVERIFIED — useful hypothesis that must be checked during outreach.

Target decision-maker titles

- Managing Director / Director
- Commercial Director / Commercial Manager
- Pre-Construction Director / Manager
- Estimating Director / Head of Estimating / Estimator
- Technical Director
- Design Manager
- Procurement / Quantity Surveying leadership
