

02 - LinkedIn Connection Messages

Short connection-note templates. Keep messages personalised and non-pushy.

How to use

Use one relevant observation from the prospect research. Do not send the same wording to every prospect. Keep the connection note focused on relevance and networking, not a full sales pitch.

Scenario	Template
General façade contractor	Hi [Name], I work with façade contractors on estimating, take-offs and technical support. I came across [Company] and would be glad to connect and keep in touch.
Active tender / growth signal	Hi [Name], noticed [Company] is active around [project / market]. We support façade teams with estimating and technical capacity during busy periods. Happy to connect.
Technical / design contact	Hi [Name], I came across your work in façade design / technical delivery at [Company]. We support teams with shop drawings, take-offs and project documentation. Would be good to connect.
Warm introduction	Hi [Name], [mutual contact / company / event] led me to your profile. We work with façade businesses on overflow estimating and technical support. Happy to connect.
Nurture / no hard sell	Hi [Name], I work in façade estimating and technical support and follow the UK façade sector closely. I thought it would be useful for us to connect here.

Personalisation fields

- Recent project or tender activity
- Company growth / hiring signal
- Façade systems / sectors served
- Buyer role and likely responsibility
- Relevant technical or commercial challenge
- Mutual contact / event / shared market

Avoid

- Long sales pitches in the connection note
- Claims that cannot be verified
- Mass-copy wording
- Asking for a meeting immediately unless there is a strong warm signal
